

MESSAGE FOR THE GRADUATES OF CLASS 2024

To the Graduates:

Greetings!

It is with immense pleasure and pride that I congratulate the Graduates of 2024 of all the public and private schools in the Division of Cebu Province. It is a feat that is the product of prayers, hardwork, perseverance, and determination to succeed. Truly, it calls for a celebration! Cheers!

School Year 2023-2024 has been a colorful year. It was marked with successes made possible by dedication and the relentlessness to pursue success on one side but also marked with challenges and difficulties on the other, which, in one way or another, affected the delivery of learning and basic services. However, these did not mar the Department of Education Division of Cebu Province to continue with the pursuit of learning with dedication and commitment. To that, I salute and thank everyone – the learners, the teachers, administrators and non-teaching staff, the Local Government Units, the parents, the stakeholders in the public and private sector, the DepEd personnel in all the governance levels and everyone who did not fail to be with us during those trying moments and enabled DepEd-Cebu to journey in its resolve to deliver education in the midst of challenges brought about by some natural phenomena which could not be underestimated. You all deserve the accolade, but we save the best for our GRADUATES!

The challenges encountered by the education community can be viewed as a test of relentlessness and will to succeed. These challenges did not exempt our learners from experiencing the test, but the LEARNERS, with the guidance of their teachers and parents, determined to succeed and carve a bright future, took all the grit and determination to hurdle them, making our learners contributors to the realization of the MATATAG NA KINABUKASAN NG BAGONG PILIPINAS. They have manifested their resilience to overcome whatever challenges and difficulties that come their way. With the resilience that they have manifested that has taken them to this point of success, we can see that our Filipino youth has what it takes to contribute to the realization of a bright future for a new Philippines!

As the curtain of SY 2023-2024 falls, DepEd Cebu Province looks forward to another school year when everyone comes together, once again as a village, to prepare and serve our learners for them to contribute meaningfully to build a nation, a nation with a bright future. After all, **SA DEPED CEBU, BATA ANG SENTRO SA PANERBISYO! DASIG SUGBO!**
