DR. MARILYN S. ANDALES

Schools Division Superintendent
DepEd- Division of Cebu Province
Cebu Province

Dear Dr. Andales:

With most parts of the country still under the General Community Quarantine (GCQ) and a few still in total lockdown, we have to slowly try to come to terms with the “new normal” in the educational system and in taking teaching and learning in the cyberspace. At the heart of these changes and challenges are the crucial roles of the key players – school administrators, teachers and parents.

Given the context of the pandemic, the **school heads’** function becomes critical in the implementation of various modalities to extend the education of every learner. **Teachers**, on the other hand, interpret and implement curricular intents as they deal with the learners and handle the day-to-day demands of instructional aims. Consequently, continuous learning and professional upgrading among administrators and teachers *cannot be ignored*. Interestingly, **parents** have to share this role of educating their children while in lockdown. Inherent in this initiative is the idea of lifelong learning.

The current situation of our country beset by the COVID-19 pandemic cannot keep us from creating learning experiences for our educators and students. Considering the many versions of the Community Quarantine (GCQ, ECQ, MECQ), the Department of Education has issued guidelines on how the new normal should be implemented and incorporated into classroom dynamics.

With these developments, **ARCZONE Professional Development, Inc.** introduces new programs (not just webinars) which aim to address these needs in the new normal.

“Beyond webinars: Intensive capacity building programs for school administrators, teachers, and parents in the new normal”

1. **SCAFFOLDED - School in Crisis Action for Fundamental Online Leadership and Distance Education.** This program allows school administrators to demonstrate the standard leadership skills through an online mode. The online lessons are composed of webinars, reading materials, exercises and feedback on their sample work using a Learning Management System.
2. **PIVOTAL in the New Normal: Pursuing Innovative Virtual and Offline Teaching and Learning.** This training program aims to provide online professional development activities/learning sessions on various topics relevant to curriculum, instruction, and K-12 requirements in the “new normal” with follow through programs/sessions during the school year, or on schedule based on availability of teachers.
3. The **LEADERS @ Home in the Midst of COVID Pandemic (Leading, Educating, and Developing Resilient Students)** for parents will be realized through a series of webinars, online discussions, and online asynchronous activities. **Pre-webinar** and **post-webinar** activities are conducted to ensure (1) that parents are prepared for the actual webinar and (2) that they would be able to apply what they have learned in assisting their children in lessons for the opening of classes.

The training programs shall run over a period of one academic calendar where webinars are scheduled on a particular day decided upon by the Department of Education and ARCZONE. Pre and post webinar activities (online discussions, consultations with e-mentors and content area experts, other asynchronous activities) are scheduled accordingly.

We are hoping that this proposal merits your support and approval. We look forward to working with you in bringing these innovative and relevant training programs in the new normal to the educators and parents in your Division.

Truly yours,

MS. JESUSA FLORES
Training Coordinator
