" EFA 2015: Karapatan ng Lahat, Pananagutan ng Lahat "

Philippine-American Educational Foundation

December 12, 2012

Dr. Recaredo G. Burgonia
Regional Director
Department of Education - Region VII
Sudlon, Lahug
Cebu City

RD 2012-31312

Dear Dr. Burgonia:

The Philippine-American Educational Foundation (PAEF, also referred to as the Fulbright Commission in the Philippines) is pleased to announce the start of the competition for the 2014-2015 Fulbright-Philippine Agriculture Scholarship Program (FPASP) for advanced research awards in agriculture and fisheries in the United States. The competition begins on December 10, 2012. Applications for these grants will be received by PAEF until June 7, 2013.

We very much appreciate the assistance you extended to the Fulbright Program in the past scholarship competitions. We request that you help us again in this year's competition by encouraging qualified applicants from your department/agency/unit to apply.

The Fulbright-Philippine Agriculture Scholarship Program (FPASP) aims to modernize the agriculture and fisheries sectors of the Philippines by developing their human resource base through bilateral educational exchanges between the U.S. and the Philippines. The objective of the grant is not only to enable the recipient to pursue a particular field of study/research but to develop leaders in agriculture and fisheries who can contribute to promoting better understanding between the Philippines and the United States. Awards are made through open competition based on individual merit without regard to race, color or creed. Under the 2013-2014 program, awards are given to Filipino professionals, researchers, faculty, or doctoral students specializing in agriculture, fisheries and forestry fields **to conduct advanced research or non-degree doctoral dissertation research in the United States.**

May we request you to share this information to interested qualified applicants. The attached application form can be photocopied. Additional competition materials may be obtained directly from the PAEF office or can be downloaded from the PAEF website www.fulbright.org.ph. We strongly encourage interested applicants to check our website and to download the required form.

Thank you.

Sincerely,

Esmeralda S. Cunanan
Executive Director

DEPARTMENT OF
AGRICULTURE

2014-2015 FULBRIGHT-PHILIPPINE AGRICULTURE SCHOLARSHIP PROGRAM (FPASP) FOR ADVANCED RESEARCH AWARDS IN THE UNITED STATES

The goal of the Fulbright-Philippine Agriculture Scholarship Program (FPASP) is to modernize the agriculture and fisheries sectors of the Philippines by developing their human resources base through bilateral educational exchanges between the Philippines and the United States. The objective of the grant is not only to enable the recipient to pursue a particular field of study but to develop leaders in agriculture and fisheries who can contribute to promoting better understanding between the Philippines and the United States. Awards are made through open competition based on individual merit without regard to race, color, or creed.

Types of Awards

Under the program, awards are given to Filipinos from the agriculture and fisheries fields to pursue: (1) non-degree doctoral dissertation research (must be currently enrolled in a doctoral program in a Philippine university); and (2) advanced research in the United States.

Grants for doctoral dissertation research, given to individuals pursuing their Ph.D. degree study in the Philippines, are for a period of 6-9 months. Grants for advanced research are for a period of 3-6 months, which include consultation visits with experts in agriculture and fisheries at universities and research institutions in the United States. Grants are **NOT** for the principal purpose of attending conferences, travel and consultation at multiple institutions, or site observations.

Who are Eligible

Awards are given to eligible Filipinos working at the Department of Agriculture and its affiliate agencies; faculty and staff from accredited state and private colleges and universities offering programs in agriculture and fisheries; and professionals from non-government organizations, government financial institutions, and other government and private agencies whose main work are in agriculture and fisheries.

Fields of Study

Proposals for research will be accepted from the following fields: **Agriculture** and all its subfields including Fruit and Vegetable Production, Horticulture, Plant Breeding/Genetics, Dairy Science, Pest Control/Entomology, and Animal Nutrition; **Agricultural Engineering** and its subfields including Forest Engineering, Handling/Processing/Storage of Agricultural Products, Irrigation and Drainage Systems Engineering, Post-Harvest Technology, Soil and Water Engineering, Agricultural Waste Management, and Food Engineering/Process Control; **Agricultural Economics** and its subfields including Agribusiness, Agricultural Policy, Farm Management, Natural Resource Economics, and Production Economics; **Natural Resources and Forestry** and their subfields including Forestry, Wood Science, Natural Resource Management, Range Management, Fish/Game/Wildlife Management, Marine Resource Management, Coastal Zone Management, and Environmental Science; **Veterinary Medicine** and its subfields including Small-Animal Medicine and Large-Animal Medicine; **Agricultural Extension**; and **Fisheries** and its subfields including Inland Water Fisheries, Marine Water Fisheries, and Brackish Water Fisheries.

General Eligibility Requirements

Citizenship. Applicants must be citizens of the Philippines. Filipinos holding dual (Philippine-American) citizenship or permanent U.S. residency are ineligible for grants to the U.S.

English proficiency. English proficiency is required to pursue proposed program in the U.S.

Education.

For **doctoral dissertation research** – must be currently enrolled in a doctoral program in the Philippines, with an approved dissertation topic

For **advanced research** – must have at least a master's degree

Health. While no medical certification is required at the time of application, applicants must be in good health to pursue graduate work in the U.S. Finalists are required to pass a medical examination.

Work experience.

For **doctoral dissertation research** – must have at least 5 years of work experience after college

For **advanced research** – must have at least 10 years of work experience in the field of specialization

Return to the Philippines. Applicants must return to the Philippines immediately upon completion of their study or research.

Individuals who are currently studying, working, residing or researching in the United States are not eligible.

Additional Information

Applicants who are former recipients of a Fulbright student award (master's, PhD, non-degree: doctoral enrichments/dissertation) are **ONLY** eligible to apply for advanced research awards if more than four years have elapsed since satisfactory completion of the previous grant. Successful applicants cannot be accompanied by dependents during their research in the U.S.

Grant Benefits

Fully funded awards cover international travel, monthly maintenance allowance, dissertation research/professional development allowance, settling-in and in-transit allowances, and accident and sickness insurance.

Required Documents *(Submit one original and two (2) photocopies of the following items below except #3)*

1. Official or certified transcript of records from all colleges/universities attended
2. Certified copies of diplomas (NOT ORIGINAL)
3. Three (3) letters of reference (forms will be provided in the application kit)
4. Completed 6-page application form (available at the PAEF website during the application period)
5. Letter of invitation from prospective American host institution (preferred)
6. Copy of biographical page of passport, if available
7. NBI clearance acquired in the past six (6) months

Additional Requirements for Finalists

1. Test of English as a Foreign Language (TOEFL iBT) (doctoral dissertation research award finalists only)
2. Medical Examination Report

NOTE: Standardized test score (TOEFL iBT) is not required at the time of application.

Application Period: December 10, 2012 to June 28, 2013

THE FULBRIGHT-PHILIPPINE AGRICULTURE SCHOLARSHIP PROGRAM (FPASP) APPLICATION FOR RESEARCH IN THE UNITED STATES

READ ALL INSTRUCTIONS AND INFORMATION CAREFULLY BEFORE COMPLETING THE APPLICATION.

INSTRUCTIONS

All forms in this application are to be completed in English and typewritten in **black ink** or printed from a computer. As applications must be photocopied, do not use blue or other colors of ink.

All pages and parts of the application must be completed and returned to constitute a full dossier. **DO NOT ATTACH YOUR RESUME.**

Each page of the following application carries its own instructions which should be read carefully before proceeding.

Every question must be answered completely and carefully. Please make every effort, however, to limit your responses to the space provided.

5. List your choices of university or U.S. geographical area only on the institutional affiliation preferences form. Do not mention such choices or preferences on pages 1 through 5 of this application.

6. Completed applications must be received by the Philippine-American Educational Foundation (not postmarked) by **28 June 2013**. Incomplete applications will not be considered.

7. Applicants must attach complete and certified academic documents (NOT ORIGINAL) covering the entire period of study at universities or other post-secondary institutions. Documents must be accompanied by complete official English translations. **All documents submitted become property of PAEF and will not be returned.**

APPLICATION

complete application consists of the following components:

APPLICATION FORM

In the first six pages you will state biographical information, research objectives, curriculum vitae, and other information.

Often specific instructions for completing a question or item will be provided in the application. Please read all instructions carefully. In addition, please review the following important information.

Item 1 – Name: It is very important that you list your name exactly as it appears (or will appear) on your passport.

Item 13 – Institutions Attended: Please list all post-secondary institutions attended in reverse order (putting the most recently attended first). List all post-secondary institutions attended even those from which you did not achieve a degree.

Item 24 – Research Objective: The research objective description that you provide is an essential and highly important part of your application. You should take great care to write a clear and very detailed description of the research you want to conduct. Clearly identify the area(s) within your field of study in which you want to specialize or concentrate. An unclear, incomplete, or overly brief statement can diminish your chances for an FPASP award.

- Proposed program length for doctoral dissertation research is for a period of 6 - 9 months and should begin on September 1, 2014.
- Proposed program length for advanced research should not be less than 3 months or more than 6 months. Proposed program dates should not begin earlier than August 15, 2014. The latest a program can commence is January 15, 2015.
- Indicate as precisely as possible the period during which you intend to carry out your proposed program in the United States. It is recommended that you plan your program during the U.S. academic year (September through May), when your U.S. colleagues are more likely to be available to receive visiting scholars.

Item 25 – Personal Statement: The personal statement is a narrative statement in which you can include information about your education, practical experience, special interests, career plans, and your purpose in applying for research in the U.S.

Page 7 – Institutional Affiliation Preferences: If you have already made arrangements with a U.S. host institution, you must attach a copy of your letter of invitation to your application. Non-academic affiliations, while sometimes possible, require additional review by the J. William Fulbright Scholarship Board (FSB), and approval is not always granted. If you are expecting a letter of invitation that has not yet arrived, note the date you expect it to arrive. Upon receipt, forward the invitation to PAEF immediately.

If arrangements for an appointment or affiliation have not been confirmed, list any preferences you have in order of priority including detailed reasons for your choice (for example, prior acquaintance or correspondence with a U.S. scholar; relevance of the U.S. scholar's work to your own research; reputation of the academic department or research center). You are encouraged to seek US host affiliation at this early stage of the competition.

2. SUPPLEMENTAL FORM

Letters of Reference/Recommendation: You must have three letters of reference (or recommendation) submitted on your behalf. Letters of reference are extremely important. Letters of reference may be written by teachers under whom you have studied or pursued research or by someone who has supervised you in work related to your proposed field of study. Letters of reference should not be written by persons related to you either by blood or marriage or by personal friends. At least one academic and one professional or work-related letter should be included among the letters. The letters should be written in English. Please be certain to ask that both pages of the form be completed.

3. SUPPORTING DOCUMENTATION

Transcripts: Applicants must attach official, complete and certified academic documents covering the entire period of study at universities and other post-secondary institutions. Documents must be accompanied by complete official English translations. These documents must consist of:

- One certified, official record (transcript) from each university or post-secondary institution you attended, even those schools from which you did not receive a degree or diploma. These transcripts should list the subjects you studied and the grades you received during each year of your enrollment. Include all post-secondary institutions you have attended, even those from which you did not receive a degree or diploma. Official transcripts must be submitted in sealed envelopes.
- Copy(ies) of original transcript(s) for any course work (graduate or undergraduate) done abroad, including the United States must be requested by you from the U.S. institution(s) and forwarded directly to PAEF in sealed envelopes.

Letter(s) of Invitation: Applicants must submit letter/s of invitation from prospective US host institution/s.

4. NBI CLEARANCE

Applicants should be able to submit an NBI clearance secured not earlier than six months prior to application.

YOU SHOULD PROMPTLY INFORM PAEF OF ANY CHANGE IN YOUR STATUS, CONTACT INFORMATION, OR FUTURE PLANS AFTER THIS APPLICATION HAS BEEN SUBMITTED.
