## STREETMAGIC CLUB OF ILOILO

Democracia St. Jaro, Iloilo City Tel. No. 3297477 / 09183290195

Dr. Rhea Mar A. Angtud, CESO VI  
Schools Division Superintendent  
Division of Cebu Province

Dear Dr. Angtud,

Greetings!

The Streetmagic Club of Iloilo is an organization of magicians and magic enthusiasts which aims to introduce the art of magic to the greater population. The organization would like to increase the awareness about magic as a legitimate branch of performing arts and as a powerful aid in teaching.

### **The Magic of Science**

Magic has fascinated audiences since time immemorial. It has stirred the imagination of children and adults alike. Most of the magic we see can be associated with basic principles of Physics and Chemistry, but are creatively wrapped in a cloak of mystery. The Magic of Science is not a lecture that will reveal the secrets of magic. It is a Magic Show that will help children to understand basic science concepts thru visual representation. It will strengthen children's belief that science is the driving force acting upon everything around them.

The show will also feature little known trivia about inventors and inventions, the scientific processes, the natural world, Physics and Chemistry.

In connection with this, we are requesting your good office to allow the showing of the Magic of Science at selected public elementary and high schools here in Cebu Province.

We guarantee the show's educational and entertainment value. We have been to more than 500 shows all over Western Visayas, covering Divisions of Aklan, Antique, Negros Occidental, Iloilo City, Iloilo Province, Guimaras, Capiz and Bacolod City. We are confident that the schools here in Cebu will enjoy the show as much as all the other schools we visited before.

Thank you very much and more power!

Sincerely yours,

Mark Vincent G. Java
