Subject: Water for Prosperity and Peace: Join the Philippine Red Cross for a Month-Long Celebration of World Water Day 2024!

Dear Maam Gamali,

On behalf of the Philippine Red Cross (PRC), we cordially welcome you to join us in commemorating World Water Day 2024, themed "**Water for Prosperity and Peace**". This year, in collaboration with the WASH Development and Readiness Project, we will host a month-long program of engaging activities and initiatives aimed at raising awareness about the importance of water, promoting responsible water use, and fostering collaboration for a more sustainable future.

Mark your calendars! World Water Day is technically on March 22nd, however our celebrations will begin on March 04, 2024 and run until March 25, 2024. Throughout the month, we will provide a range of program for schools and communities across the Philippines.

As you are aware, water is vital for life, wealth, and peace. However, millions of Filipinos continue to lack access to clean water and sanitation. Participating in our World Water Day activities allows you to help:

- Raise awareness of the water situation and its effects on communities.
- Encourage individuals and families to follow water-saving methods.
- Encourage collaboration between schools, communities, and organizations to address water issues.
- Help create a more sustainable future for the community.

Register your school or community by contacting Ms. Mary E. Graver at **+63 999 949 2543** or wdrpwash.redcross@gmail.com. Spread the word! Invite your students, families, and neighbors to join our celebrations. Together, we can make a difference and ensure that everyone has access to this vital resource.

Let's work towards a future where water brings prosperity and peace to all Filipinos.

We look forward to celebrating World Water Day with you!

Sincerely,

Atty. Maria Vera G. De Jesus
Administrator- Cebu Chapter
